## Probationary Pistol Licence

P 662

This FACT sheet provides information on the requirements for obtaining a Probationary Pistol licence for the genuine reason of Sport/Target Shooting.

In NSW, a person wishing to take up the sport of pistol shooting for the first time must hold a Probationary Pistol licence prior to being issued with a full category H firearms licence.

### What is a Probationary Pistol Licence?

A Probationary Pistol Licence (PPL) is a firearms licence issued to a person who has never held a category H firearms licence for the genuine reason of Sport/Target Shooting.

A PPL authorises the licensee to possess and use a registered pistol for the purpose of participating in shooting competitions and activities at a club approved for those activities by the Commissioner.

A PPL does not authorise the acquisition of a firearm during the first six month term of the PPL.

A PPL does not authorise the possession or use of a prohibited pistol.

### What is the term of the PPL?

A PPL is issued for a period of 12 months.

### How much will the PPL cost?

The prescribed fee for a PPL is \$100. A pensioner is exempt from the fee for the licence. If you are claiming this exemption, you must provide a copy of your Centrelink pension card with your application.

### Pistol Safe Handling Course

Applicants for a PPL are required to complete an initial 'Pistol Safe Handling Course' conducted by the pistol shooting club. The 'Pistol Safe Handling Course' completion certificate will be forwarded to the Firearms Registry by your club.

### Are there restrictions on the PPL?

**Yes.** For the first 6 months of the term of the PPL you cannot possess or use a pistol unless:

1. You are on the pistol shooting club premises, and
  2. You are under the supervision of a person who holds a full category H Sport/Target Shooting Firearms Licence.
- Reference section 16A(2)(a)(i) of the *Firearms Act 1996*.

For the second six months of the PPL you can only be issued with two Permits to Acquire and these will only be issued if you have successfully completed the 'Pistol Safety Training Course' conducted by the pistol club for which you are a member and you have completed 3 recorded competition shoots to the satisfaction of the pistol club captain. The 'Pistol Safety Training Course' is in addition to the 'Pistol Safe Handling Course' completed during the licence application process.

### What firearms can I acquire during the second six months of the PPL?

During the second six months you may acquire no more than two pistols, any one of which is:

- \* A centrefire pistol, or
- \* A rimfire pistol with a calibre of no more than .22 inch, or
- \* An air pistol with a calibre of no more than .177 inch, or
- \* A black powder pistol.

However, you must not possess a centrefire and rimfire pistol at the same time - section 31(3C) of the *Firearms Act 1996*.

### When do I get my full category H firearms licence?

You must hold your PPL for the full term of the licence and you will receive licence application forms for a full category H firearms licence prior to the expiry of your PPL.

You must complete these application forms and return them to the Firearms Registry prior to the expiry of your PPL. Applications received prior to the expiry of the PPL provide for continuing authority to possess and use firearms on your PPL licence until your full category H firearms licence is issued.

### When can I acquire additional firearms?

If you have already had two permits to acquire issued to you in the second six months of your PPL, you may only acquire additional firearms when your full category H firearms licence has been issued.
